

Revision Date: 07/29/2022

# SAFETY DATA SHEET

Classified in accordance 29 CFR 1910.1200

## 1. Identification

Product identifier: Quab® 342

Other means of identification

None.

## Recommended restrictions

Recommended use: For industrial use Base material and intermediates

Restrictions on use: Not known.

#### Manufacturer/Importer/Distributor Information

Company Name : Quab Chemicals, Inc.

> 250 Pehle Avenue, Suite 403 Saddle Brook, NJ 07663

USA

Telephone : +1 201 556 0300

Fax : +1 201 556 0335

## Manufacturer

## **Emergency telephone number:**

24-Hour Health : +1 800 424 9300 (CHEMTREC - US & CANADA)

Emergency +1 800 681 9531 (CHEMTREC MEXICO)

+1 703 527 3887 (CHEMTREC WORLD)

+1 973 929 8060 (Product Regulatory Services)

## 2. Hazard(s) identification

#### **Hazard Classification**

#### **Health Hazards**

Skin Corrosion/Irritation Category 2 Serious Eye Damage/Eye Irritation Category 1

## **Label Elements**

## **Hazard Symbol:**

Revision Date: 07/29/2022

Signal Word: Danger

Hazard Statement: Causes skin irritation.

Causes serious eye damage.

Precautionary Statements

**Prevention:** Wear protective gloves/protective clothing/eye protection/face protection.

Wash hands thoroughly after handling.

**Response:** IF IN EYES: Rinse cautiously with water for several minutes. Remove

contact lenses, if present and easy to do. Continue rinsing. IF ON SKIN: Wash with plenty of soap and water. If skin irritation occurs: Get medical advice/attention. Take off contaminated clothing and wash it before reuse.

Immediately call a POISON CENTER/doctor.

Storage: Store locked up.

**Disposal:** Dispose of contents/container to an appropriate treatment and disposal

facility in accordance with applicable laws and regulations, and product

characteristics at time of disposal.

Hazard(s) not otherwise classified (HNOC):

None.

## 3. Composition/information on ingredients

#### **Mixtures**

Chemical Identity	Common name and synonyms	CAS number	Content in percent (%)*
3-Chloro-2- hydroxypropyldimethyldodecylammoniu m chloride		41892-01-7	20 - <50%
2,3- Dihydroxypropyldimethyldodecylammon ium chloride		103947-09-7	1 - <3%

<sup>\*</sup> All concentrations are percent by weight unless ingredient is a gas. Gas concentrations are in percent by volume.

Composition Comments: Aqueous Solution

The exact concentration has been withheld as a trade secret.

## 4. First-aid measures

Revision Date: 07/29/2022

# Description of necessary first-aid measures

**General information:** Pay attention to self-protection. Remove victims from hazardous area.

Immediately remove soiled or soaked clothing and remove it to a safe distance. Keep victim warm, in a stabilized position and covered. Do not leave victims unattended. If the casualty is unconscious: Place the victim in

the recovery position.

**Inhalation:** Potential for exposure by inhalation if aerosols or mists are

generated. Move victims into fresh air. With labored breathing: Provide with oxygen. Consult a doctor. If the casualty is not breathing: Perform mouth-to-mouth resuscitation, notify emergency physician

immediately.

Skin Contact: Wash off affected area immediately with plenty of water for at least 15

minutes. If symptoms persist, consult a physician for treatment.

**Eye contact:** With eye held open, thoroughly rinse immediately with plenty of water

for at least 10 minutes. Consult an ophthalmologist immediately if the

symptoms persist.

**Ingestion:** Rinse mouth. Immediately give large quantities of water to drink.

Obtain medical attention.

**Personal Protection for First-**

aid Responders:

In the event of fire, wear self-contained breathing apparatus.

## Most important symptoms/effects, acute and delayed

Symptoms: daze, Headache, vertigo, somnolence (sleepiness), nausea. May cause

lung damage if swallowed. Health injuries may be delayed.

Hazards: Harmful in contact with skin and if swallowed. Vapours may cause

drowsiness and dizziness.

#### Indication of immediate medical attention and special treatment needed

**Treatment:** After accidental absorption in the body, the pathology and clinical findings

are dependent on the kinetics of the noxious substance (quantity of absorbed substance, the absorption time, and the effectiveness of early elimination measures (first aid)/ excretion - metabolism). Continue with first aid measures. Depending on the pathology and clinical findings, patient

monitoring and symptomatic treatment are necessary.

## 5. Fire-fighting measures

#### Suitable (and unsuitable) extinguishing media

Suitable extinguishing

media:

Water. mist quenching powder foam Carbon Dioxide.

Unsuitable extinguishing

media:

None known.

Revision Date: 07/29/2022

Specific hazards arising from the chemical:

Danger of decomposition under influence of heat. In the case of fire, the following hazardous smoke fumes may be produced: carbon monoxide nitric oxides chlorine. Use water spray to cool unopened containers. Also keep emptied containers away from sources of heat and ignition.

#### Special protective equipment and precautions for firefighters

Special fire fighting procedures:

Water used to extinguish fire should not enter drainage systems, soil or stretches of water. Ensure there are sufficient retaining facilities for water used to extinguish fire. Contaminated fire-extinguishing water must be disposed of in accordance with the regulations issued by the appropriate local authorities. Fire residues should be disposed of in accordance with the regulations.

Special protective equipment

for fire-fighters:

In the event of fire, wear self-contained breathing apparatus.

## 6. Accidental release measures

Personal precautions, protective equipment and emergency procedures: Avoid contact with skin and eyes. Wear personal protective equipment; see

section 8. Do not inhale aerosol.

Methods and material for containment and cleaning up:

Absorb spill with inert material, then place in a chemical waste container.

**Environmental Precautions:** 

Obey relevant local, state, provincial and federal laws and regulations. Do not contaminate any lakes, streams, rivers, groundwater or soil.

## 7. Handling and storage

## Handling

Technical measures (e.g. Local and general ventilation):

Ensure adequate ventilation, especially in confined areas.

Safe handling advice:

Avoid residues of the product on the containers. The product should only be handled by trained personnel. Handle in accordance with good industrial hygiene and safety practice. Avoid formation of aerosol. Handle in accordance with good industrial hygiene and safety practice. Wear suitable

protective clothing, gloves and eye/face protection.

Contact avoidance measures:

No data available.

Hygiene measures:

Avoid contact with eyes, skin, and clothing. Wash off immediately with plenty of water. Preventive skin protection is recommended. Take off clothing and shoes contaminated with product. Clean before reuse. Private clothes and working clothes should be kept separately. Do not eat, drink, smoke, or sniff while at work. Wash your hands and/or face before breaks

and before termination of work.

## **Storage**

Revision Date: 07/29/2022

Safe storage conditions: In order to ensure due transportation, make certain that stacks are of the

correct height, containers are securely fastened so as not to fall off, and labelled according to the regulations. Store in the original receptacle, keeping this tightly sealed, under cool and dry conditions. well ventilated

Safe packaging materials: No data available.

## 8. Exposure controls/personal protection

#### **Control Parameters**

#### **Occupational Exposure Limits**

None of the components have assigned exposure limits.

Appropriate Engineering

**Controls** 

Ensure adequate ventilation, especially in confined areas.

Individual protection measures, such as personal protective equipment

**Eye/face protection:** Use chemical splash goggles and face shield (ANSI Z87.1 or approved

equivalent).

**Skin Protection** 

**Hand Protection:** Material: Natural rubber.

Break-through time: > 480 min

Guideline: DIN EN 374

Additional Information: Use impermeable gloves. Material: Polychloroprene

with natural-latex liner.

Break-through time: > 480 min

Guideline: DIN EN 374

**Skin and Body Protection:** Personal protective equipment to prevent dermal exposure is

recommended. A safety shower and eye wash fountain should be readily available. To identify additional Personal Protective Equipment (PPE) requirements, it is recommended that a hazard assessment in accordance with the OSHA PPE Standard (29CFR1910.132) be conducted before using

this product.

**Respiratory Protection:** In case of mist, spray or aerosol exposure wear suitable personal

respiratory protection and protective suit. A respiratory protection program that meets OSHA 1910.134 and ANSI Z88.2 or applicable federal/provincial requirements must be followed whenever workplace conditions warrant respirator use. NIOSH's "Respirator Decision Logic" may be useful in

determining the suitability of various types of respirators.

**Hygiene measures:** Avoid contact with eyes, skin, and clothing. Wash off immediately with

plenty of water. Preventive skin protection is recommended. Take off clothing and shoes contaminated with product. Clean before reuse. Private clothes and working clothes should be kept separately. Do not eat, drink, smoke, or sniff while at work. Wash your hands and/or face before breaks

and before termination of work.

Revision Date: 07/29/2022

# 9. Physical and chemical properties

**Appearance** 

Physical state: No data available.

Form: liquid

Color:colourless to yellowOdor:almost odourlessOdor Threshold:No data available.

**pH**: 2 - 6

Melting Point: Not applicable

**Boiling Point:** Approximate 100 °C Flash Point: No data available. **Evaporation Rate:** No data available. Flammability (solid, gas): No data available. **Explosive limit - upper (%):** Not applicable Explosive limit - lower (%): Not applicable Vapor pressure: No data available. Vapor density (air=1): No data available. 1 g/cm3 (20 °C) **Density:** Relative density: No data available. Solubility in Water: No data available. Solubility (other): No data available. Partition coefficient (n-octanol/water): 0.92 (calculated) **Self Ignition Temperature:** No data available. **Decomposition Temperature:** No data available. Kinematic viscosity: No data available. Dynamic viscosity: 60 mPa.s (20 °C)

Other information Bulk density:

**Explosive properties:**No data available.
Oxidizing properties:
No data available.

Minimum ignition temperature: 340 °C

## 10. Stability and reactivity

**Reactivity:** No data available.

Chemical Stability: No data available.

Possibility of hazardous

reactions:

No data available.

Conditions to avoid: Not applicable

Incompatible Materials: alkalis

**Hazardous Decomposition** 

**Products:** 

Hydrogen chloride. chloracetone chloromethane Hydro-cyanic acid

Revision Date: 07/29/2022

# 11. Toxicological information

Information on likely routes of exposure

**Inhalation:** No data available.

**Skin Contact:** No data available.

**Eye contact:** No data available.

**Ingestion:** No data available.

Symptoms related to the physical, chemical and toxicological characteristics

**Inhalation:** No data available.

**Skin Contact:** No data available.

**Eye contact:** No data available.

**Ingestion:** No data available.

Information on toxicological effects

Acute toxicity (list all possible routes of exposure)

Oral

**Product:** LD 50 (Rat): 2,332 mg/kg

Dermal

Product: LD 50 (Rabbit): 2,523 mg/kg

Inhalation

**Product:** Not classified for acute toxicity based on available data.

Repeated dose toxicity

**Product:** No data available.

Skin Corrosion/Irritation

**Product:** Irritating. literature (Rabbit): Irritating.

Serious Eye Damage/Eye Irritation

**Product:** Corrosive. Rabbit: Corrosive.

Respiratory or Skin Sensitization

**Product:** No data available.

Components:

3-Chloro-2- No data available.

hydroxypropyldimethyld odecylammonium

chloride

Carcinogenicity

**Product:** No data available.

Revision Date: 07/29/2022

# IARC Monographs on the Evaluation of Carcinogenic Risks to Humans:

No carcinogens present or none present in regulated quantities

## **US. National Toxicology Program (NTP) Report on Carcinogens:**

No carcinogens present or none present in regulated quantities

## US. OSHA Specifically Regulated Substances (29 CFR 1910.1001-1050), as amended:

No carcinogens present or none present in regulated quantities

**Germ Cell Mutagenicity** 

In vitro

**Product:** Ames test (OECD 471): slightly positive

In vivo

**Product:** Micronucleus test (OECD 474) intraperitoneal (i.p.) ((mouse)): negative

Reproductive toxicity

**Product:** No data available.

**Specific Target Organ Toxicity - Single Exposure** 

**Product:** No data available.

**Specific Target Organ Toxicity - Repeated Exposure** 

**Product:** No data available.

**Aspiration Hazard** 

**Product:** No data available.

Other effects: No data available.

## 12. Ecological information

# **Ecotoxicity:**

## Acute hazards to the aquatic environment:

Fish

**Product:** LC 50 ((Brachydanio rerio), 96 h): 7.1 mg/l

NOEC ((Brachydanio rerio), 96 h): approx. 5.6 mg/l

**Aquatic Invertebrates** 

**Product:** No data available.

## Chronic hazards to the aquatic environment:

Fish

**Product:** No data available.

Revision Date: 07/29/2022

**Aquatic Invertebrates** 

**Product:** No data available.

**Toxicity to Aquatic Plants** 

**Product:** No data available.

Persistence and Degradability

Biodegradation

**Product:** No data available.

**BOD/COD Ratio** 

**Product:** No data available.

Bioaccumulative potential

**Bioconcentration Factor (BCF)** 

**Product:** No data available.

Partition Coefficient n-octanol / water (log Kow)

**Product:** Log Kow: 0.92 (calculated)

**Mobility in soil:** No data available.

Components:

3-Chloro-2- No data available.

hydroxypropyldimethyldo decylammonium chloride

2,3- No data available.

Dihydroxypropyldimethyld odecvlammonium

chloride

Other adverse effects: No data available.

## 13. Disposal considerations

**Disposal methods:**Waste must be disposed of in accordance with local, state, provincial and

federal laws and regulations. Empty containers must be handled with care

due to product residue.

**Contaminated Packaging:** Do not reuse empty containers and dispose of in accordance with the

regulations issued by the appropriate local authorities. Rinse empty containers before disposal; recommended cleaning agent: water. Offer rinsed packaging material to local recycling facilities. Dispose of containers that have not been emptied completely and/or cleaned like of substance.

# 14. Transport information

Revision Date: 07/29/2022

## **Domestic regulation**

#### **49 CFR**

Not regulated as a dangerous good

Remarks : Not dangerous according to transport regulations.

#### International Regulations

#### **UNRTDG**

Not regulated as a dangerous good

#### **IATA-DGR**

Not regulated as a dangerous good

#### **IMDG-Code**

Not regulated as a dangerous good

# Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code

Not applicable for product as supplied.

# 15. Regulatory information

## **US Federal Regulations**

#### TSCA Section 12(b) Export Notification (40 CFR 707, Subpt. D)

None present or none present in regulated quantities.

# US. Toxic Substances Control Act (TSCA) Section 5(a)(2) Final Significant New Use Rules (SNURs) (40 CFR 721, Subpt E)

None present or none present in regulated quantities.

# US. OSHA Specifically Regulated Substances (29 CFR 1910.1001-1050), as amended

None present or none present in regulated quantities.

## CERCLA Hazardous Substance List (40 CFR 302.4):

None present or none present in regulated quantities.

# Superfund Amendments and Reauthorization Act of 1986 (SARA)

## **Hazard categories**

Skin Corrosion or Irritation, Serious eye damage or eye irritation

US. EPCRA (SARA Title III) Section 304 Extremely Hazardous Substances Reporting Quantities and the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) Hazardous Substances

Revision Date: 07/29/2022

# US. EPCRA (SARA Title III) Section 312 Extremely Hazardous Substances Reporting Quantities (40 CFR 355, Appendix A)

Not regulated.

Chemical Identity Threshold Planning Quantity

# US. EPA Emergency Planning and Community Right-To-Know Act (EPCRA) SARA Title III Section 313 Toxic Chemicals (40 CFR 372.65) - Supplier Notification Required

None present or none present in regulated quantities.

## Clean Air Act (CAA) Section 112(r) Accidental Release Prevention (40 CFR 68.130):

None present or none present in regulated quantities.

## Clean Water Act Section 311 Hazardous Substances (40 CFR 117.3)

None present or none present in regulated quantities.

## **US State Regulations**

## **US. California Proposition 65**

**WARNING:** This product can expose you to chemicals including, 1,3-Dichloropropan-2-olwhich is [are] known to the State of California to cause cancer.

For more information go to www.P65Warnings.ca.gov.

## US. New Jersey Worker and Community Right-to-Know Act

No ingredient regulated by NJ Right-to-Know Law present.

## **US. Massachusetts RTK - Substance List**

No ingredient regulated by MA Right-to-Know Law present.

#### US. Pennsylvania RTK - Hazardous Substances

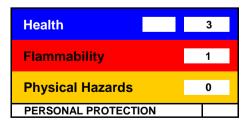

No ingredient regulated by PA Right-to-Know Law present.

## **US. Rhode Island RTK**

No ingredient regulated by RI Right-to-Know Law present.

# 16.Other information, including date of preparation or last revision

#### **HMIS Hazard ID**

Hazard rating: 0 - Minimal; 1 - Slight; 2 - Moderate; 3 - Serious; 4 - Severe; RNP - Rating not possible; \*Chronic health effect

**Issue Date:** 07/29/2022

Version #: 1.2

Revision Date: 07/29/2022

**Further Information:** 

Data for the production of the safety data sheet from the studies available and from the literature. Further information about the characteristics of the product can be found in the product code of practice or in the Product-Brochure .

**Revision Information** 

Changes since the last version are highlighted in the margin. This version replaces all previous versions.
